If you want to attend a program, call the office at 903-893-3139 the day before to sign up. If we don't answer, please leave a message and we'll call you back. On the day of the program, you must be ready when the van arrives – the driver will not wait. If you are not feeling well – including having a cough, fever, or any symptoms of illness – please wait until you're feeling better before coming to the Community Center."
